* Colours in chart above are approximate. Actual kayak colours may be different.

Seaward Kayaks.

An Industry Leader In Innovation.

Seaward Kayaks has pioneered many industry firsts. Our latest is the RDS – Rudder Deployment System*. Brilliant in its simplicity, a smooth-sliding switch by the cockpit deploys the rudder. No more awkward twisting to to deploy or retract the rudder or fumble with cords.

All the deployment lines are made from 3/32" s/s cable running under deck, this coupled with Harken pulleys make deployment friction and trouble free!

Our new skeg deployment is designed to be kink free. Seaward has introduced a new moulded seat bottom and back-rest in all our kayaks, complete with padding and adjustable back-rest!

Other Great Features:

- Double Hatches
- Molded Padded Seat
- Sealed Bulk Heads
- Adjustable Backrest
- End Pours
- Rudder Stay w/ Tie Down
- UHMW Keel Guards
- Recessed Deck Fittings
- Waterproof Cockpit Cover
- Thigh Braces
- Paddler Side RDS System

FIBREGLASS KAYAKS

BY SEAWARD

The best in quality - No compromises

SEAWARD
KAYAKS

Quality is reflected in every
Seaward Kayak we build.

www.seawardkayaks.com

Single Kayaks

Seaward handcrafts its kayaks using only the highest quality materials. Its proprietary lay-ups consist of premium grade cloths and roving materials. The finest resins are hand laid throughout the fiberglass, Kevlar and Carbon. This ensures the correct resin-to-material balance and creates superior strength and flexibility. A combination of lightweight and a solid hull encourages paddlers to extend their abilities with greater confidence. Interior and exterior seams of the kayaks are fiberglass, with the outside seams receiving two extra layers of gel coat. The extra time taken to build a fiberglass outside seam ensures that the deck and hull remain bonded together and allows Seaward to offer customized seam colours.

LUNA

Agile, shorter for the small to medium sized paddler.

LENGTH	BEAM	DEPTH	COCKPIT	BOW	STERN	TOTAL KAYAK	WEIGHT
16'2"	23"	14"	31"L x 16"W x 12.5"D	56 ltrs	100 ltrs	345 ltrs	52 LBS.

Cosma

Stable, quick and responsive.
