

Seaward Kayaks.

An Industry Leader In Innovation.

Seaward Kayaks has pioneered many industry firsts. Our latest is the **RDS – Rudder Deployment System***. Brilliant in its simplicity, a smooth-sliding switch by the cockpit deploys the rudder. No more awkward twisting to to deploy or retract the rudder or fumble with cords.

All the deployment lines are made from 3/32" s/s cable running under deck, this coupled with Harken pulleys make deployment friction and trouble free!

Our new skeg deployment is designed to be kink free. Seaward has introduced a new moulded seat bottom and back-rest in all our kayaks, complete with padding and adjustable back-rest!

Other Great Features:

- Double Hatches
- Molded Padded Seat
- Sealed Bulk Heads
- Adjustable Backrest
- End Pours
- Rudder Stay w/ Tie Down
- UHMW Keel Guards
- Recessed Deck Fittings
- Waterproof Cockpit Cover
- Thigh Braces
- Paddler Side RDS System

*Not available on all models.

Whether you choose to paddle calm estuaries or go for a full expedition, Seaward is sure to have a Kayak to suit your needs.

Coupled with an excellent warranty, unparalleled designs and our commitment to your experience, Seaward's hand-built kayaks are some of the finest in the world.

Allow Seaward to provide the vessel in which your dreams come true!

THERMOFORM KAYAKS

BY SEAWARD

The best in quality - No compromises

Quality is reflected in every
Seaward Kayak we build.

Seaward's Thermoform Kayaks

Seaward Kayaks has designed the finest hand-built kayaks for over 20 years.

Seaward's "no compromise" approach to quality and innovation has evolved into our new line of thermoform kayaks using Solar Kote ABS.

Seaward proudly offers its line of Thermoform kayaks featuring proven designs, innovation and affordability while maintaining durability, great esthetics and outstanding performance!

Whether you're a novice, expert, tour operator or rental outlet, Seaward is sure to have a kayak to fit your needs.

Paddle with peace of mind.

All Seaward Thermoform kayaks are made from fully recyclable ABS plastic. All off cuts are sent back to the manufacturer to be reformed into new product. Seaward Kayaks – no compromises.
